Abortion, Spontaneous. *Chlamydia* and incidental carcinoid tumor in spontaneous abortion (Jurica & Baumgardner) 126-cr

Abuse. see Violence

Achilles Tendon. Achilles tendinitis in running athletes (Nichols) 196-r; (Yarborough) 295-c; 295-ec

Adoption. The physician's responsibility in adoption (Chromiak) 71-c

Agoraphobia. see Phobic Disorders

AIDS Virus. see HIV

Alcoholism. Macrocytosis as an indicator of human disease (Keenan) 252-mp

Ambulatory Care. The accuracy of the Marshall 85™ oscillometric sphygmomanometer in the ambulatory care setting (Bradley & others) 247-mp

Outpatient antimicrobial susceptibility: comparison with inpatient susceptibility patterns (Ellison & others) 223-oa

American Board of Family Practice. Board News (Pisacano) 81-bn; 145-bn; 291-bn

Certificates of added qualifications (Pisacano) 143-e

Ex Concilio (Pisacano) 145-bn; 291-bn

Our 20th anniversary year: remembering the Willard report (Stephens) 288-e

Amylases. Macroamylasemia: a simple stepwise approach to diagnosis (LeVine & Parrish) 279-cr

Anemia. Transient vitamin B^{12} malabsorption in a patient with mixed nutritional anemia (Pagnotta) 130-cr

Anesthesia, Epidural. The effects of epidural anesthesia on type of delivery (Mengel) 136-c; (Daugherty & Horner) 136-c; (Nesse) 137-c; (Grumbach & Abrams) 218-c; (Nesse) 219-c

Anesthesia, Obstetrical. Intrathecal morphine as analgesia for labor pain (From) 138-c; (Edwards) 139-c

Anorexia Nervosa. Macrocytosis as an indicator of human disease (Keenan) 252-mp

Antiarrhythmia Agents. Ventricular arrhythmias, part III: benefits and risks of antiarrhythmic therapy (Grauer & Gums) 222-x

Antibiotics. Outpatient antimicrobial susceptibility: comparison with inpatient susceptibility patterns (Ellison & others) 223-oa

Antihypertensive Agents. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec

Anti-Inflammatory Agents, Nonsteroidal. Do nonsteroidal anti-inflammatory drugs cause lower gastrointestinal bleeding? (Varma) 119-r; (Fields) 220-c; (Varma) 220-c

Selecting nonsteroidal anti-inflammatory drugs: pharmacological and clinical considerations (Miller & Prichard) 257-r

Anxiety Disorders. Advances in anxiety management (Yates & Wesner) 37-r

Factors in the panic-agoraphobia transition (Katerndahl) 10-oa; (Gulledge) 216-c; (Katerndahl) 216-c

Arrhythmia. Ventricular arrhythmias, part III: benefits and risks of antiarrhythmic therapy (Grauer & Gums) 222-x

Atenolol. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec

Selecting nonsteroidal anti-inflammatory drugs: pharmacological and clinical considerations (Miller & Prichard) 257-r

Anxiety Disorders. Advances in anxiety management (Yates & Wesner) 37-r

Factors in the panic-agoraphobia transition (Katerndahl) 10-oa; (Gulledge) 216-c; (Katerndahl) 216-c

Arrhythmia. Ventricular arrhythmias, part III: benefits and risks of antiarrhythmic therapy (Grauer & Gums) 222-x

Atenolol. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec

Athletic Injuries. Achilles tendinitis in running athletes (Nichols) 196-r; (Yarborough) 295-c; 295-ec

"Effort" thrombosis of the axillary and subclavian vein associated with cervical rib and oral contraceptives in a young woman athlete (Aquino & Barone) 208-cr; (Darios) 293-c

Axillary Vein. "Effort" thrombosis of the axillary and subclavian vein associated with cervical rib and oral contraceptives in a young woman athlete (Aquino & Barone) 208-cr; (Darios) 293-c

Backache. Back pain with a congenital cyst of the esophagus (Huff & others) 275-cr; (Young) 278-ec

Bedsores. see Decubitus Ulcer

Bibliography. A primer for users of medical bibliographic databases (Shearer & others) 191-mp; (Gillette) 293-c; 293-ec

Blood Pressure. The accuracy of the Marshall 85™ oscillometric sphygmomanometer in the ambulatory care setting (Bradley & others) 247-mp

Exercise stress testing in blood pressure evaluation (Hertzman) 161-oa

Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec

Postural hypotension in elderly family practice patients (Susman) 234-oa

Calcium Channel Blockers. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec

Carcinoid Tumor. *Chlamydia* and incidental carcinoid tumor in spontaneous abortion (Jurica & Baumgardner) 126-cr

Certification. Certificates of added qualifications (Pisacano) 143-e

Licensure versus certification (Young) 287-e

Cervix Neoplasms. Papanicolaou smear adequacy: the cervical cytobrush and Ayre spatula compared with the extended-tip spatula (Noel) 156-oa; (Steinbach) 294-c; (Noel) 294-c

The postpartum Papanicolaou smear (Weiss & others) 4-oa; (Baxley) 217-c; (Weiss) 217-c

Cesarean Section. Vaginal birth after cesarean section in a community hospital: a family practice residency experience (Guerdan & others) 169-oa

Chlamydia. *Chlamydia* and incidental carcinoid tumor in spontaneous abortion (Jurica & Baumgardner) 126-cr

Colonic Polyps. Small colon polyps: the primary physician's dilemma (Varma & Melcher) 204-cr

Computers. A primer for users of medical bibliographic databases (Shearer & others) 191-mp; (Gillette) 293-c; 293-ec

Consultation. see Referral and Consultation

Consumer Satisfaction. Patient satisfaction and selected physician behaviors: does the type of practice make a difference (Holloway & others) 87-oa

Contraceptives, Oral. "Effort" thrombosis of the axillary and subclavian vein associated with cervical rib and oral contraceptives in a young woman athlete (Aquino & Barone) 208-cr; (Darios) 293-c

Current Report. see HIV

Decubitus Ulcer. Decubitus ulcers (Perdue & Wilson) 43-r; (Lerman) 141-c

Delivery, Abdominal. Vaginal birth after cesarean section in a community hospital: a family practice residency experience (Guerdan & others) 169-oa

Diagnosis. Diagnosis and evaluation of thromboembolic disorders (Brunader) 106-r; (Allen) 220-c; (Brunader) 221-c; (Sacks) 292-c; (Brunader) 292-c

Diagnosis and treatment of syphilis in HIV-infected patients (Goldschmidt) 154-crHIV; (Young) 155-ec

Exercise stress testing in blood pressure evaluation (Hertzman) 161-oa

Macroamylasemia: a simple stepwise approach to diagnosis (LeVine & Parrish) 279-cr

Papanicolaou smear adequacy: the cervical cytobrush and Ayre spatula compared with the extended-tip spatula (Noel) 156-oa; (Steinbach) 294-c; (Noel) 294-c

Diagnosis, Computer Assisted. Potential benefits of a computer ECG interpretation system for primary care physicians in a community hospital (Grauer & others) 17-oa; (Young) 24-ec

Digitalis. Digitalis toxicity (Easterling & Tietze) 49-br

Digitoxin. Digitalis toxicity (Easterling & Tietze) 49-br

Digoxin. Digitalis toxicity (Easterling & Tietze) 49-br

Diuretics. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec

Drug Interactions. Digitalis toxicity (Easterling & Tietze) 49-br

Drug Therapy. Advances in anxiety management (Yates & Wesner) 37-r

Diagnosis and treatment of syphilis in HIV-infected patients (Goldschmidt) 154-crHIV; (Young) 155-ec

Do nonsteroidal anti-inflammatory drugs cause lower gastrointestinal bleeding? (Varma) 119-r; (Fields) 220-c; (Varma) 220-c

Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec

1989 international conference on AIDS—Montreal (Goldschmidt) 283-crHIV

Prophylaxis against *Pneumocystis carinii* pneumonia (Goldschmidt) 153-crHIV; (Young) 155-ec

A rational approach to the use of hormonal replacement therapy in postmenopausal and older women (Terrell) 93-mp

Selecting nonsteroidal anti-inflammatory drugs: pharmacological and clinical considerations (Miller & Prichard) 257-r

Ventricular arrhythmias, part III: benefits and risks of antiarrhythmic therapy (Grauer & Gums) 222-x

Education, Medical. Liberal education for family practice (Peterson) 72-c

Electrocardiography. Potential benefits of a computer ECG interpretation system for primary care physicians in a community hospital (Grauer & others) 17-oa; (Young) 24-ec

Enalapril. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec

Esophageal Cyst. Back pain with a congenital cyst of the esophagus (Huff & others) 275-cr; (Young) 278-ec

Estrogens. A rational approach to the use of hormonal replacement therapy in postmenopausal and older women (Terrell) 93-mp

Ethics, Medical. Any more cordials to the drooping spirit? Professional ethics, 1847–1989 (Stephens) 212-e; (Davenport) 294-c; (Stephens) 294-c

Medical ethics: entering the post-Hippocratic era (Heinegg) 137-c; (Merkle) 138-c

Ex Concilio. see American Board of Family Practice

Exercise Test. Exercise stress testing in blood pressure evaluation (Hertzman) 161-oa

Exercise Therapy. Exercise: a practical guide for helping the patient achieve a healthy lifestyle (Smith) 238-mp

Family Practice. Certificates of added qualifications (Pisacano) 143-e

Four hours a month (Realini & Smith) 150-e; (Graham) 151-ec; (Realini & Smith) 152-ac

Liberal education for family practice (Peterson) 72-c

Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec

Obstetric care in a rural family practice (Allen) 30-mp; (Young) 33-ec; (Camp) 139-c; (Brown) 140-c; (Zeller) 141-c; (Allen) 218-c

Our 20th anniversary year: remembering the Willard report (Stephens) 288-e

Our winter of discontent (Young) 143-e

Ou sont les neiges d'antan? (Pisacano) 2-e

Perinatal outcomes in obstetric and family medicine services in a county hospital (Kurata & others) 82-oa

Reconsecratio medici (Pisacano) 78-e

Seeing over one's shoulder and out of the corner of one's eye (Stephens) 64-e

When the part becomes more than the whole: what I learned from earlobes (Stephens) 134-e

Fear. Advances in anxiety management (Yates & Wesner) 37-r

Factors in the panic-agoraphobia transition (Katerndahl) 10-oa; (Gulledge) 216-c; (Katerndahl) 216-c

Fetal Death. The recognition and significance of the vanishing twin (Jackson & Benirschke) 58-cr

Folic Acid Deficiency. Macrocytosis as an indicator of human disease (Keenan) 252-mp

Geriatrics. Postural hypotension in elderly family practice patients (Susman) 234-oa
Hematologic Diseases. Macrocytosis as an indicator of human disease (Keenan) 252-mp
Hippocratic Oath. Medical ethics: entering the post-Hippocratic era (Heinegg) 137-c; (Merkle) 138-c
HIV. Diagnosis and treatment of syphilis in HIV-infected patients (Goldschmidt) 154-crHIV; (Young) 155-ec
1989 international conference on AIDS – Montreal (Goldschmidt) 283-crHIV
Prophylaxis against *Pneumocystis carinii* pneumonia (Goldschmidt) 153-crHIV; (Young) 155-ec
Hormones. A rational approach to the use of hormonal replacement therapy in postmenopausal and older women (Terrell) 93-mp
Hydrochlorothiazide. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec
Hydronephrosis. Pleural effusion and hydronephrosis in a newborn (Lee) 55-cr
Hypertension. The accuracy of the Marshall 85™ oscillometric sphygmomanometer in the ambulatory care setting (Bradley & others) 247-mp
Exercise stress testing in blood pressure evaluation (Hertzman) 161-oa
Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec
Hypotension, Orthostatic. Postural hypotension in elderly family practice patients (Susman) 234-oa
Hypothyroidism. Macrocytosis as an indicator of human disease (Keenan) 252-mp
Information Systems. A primer for users of medical bibliographic databases (Shearer & others) 191-mp; (Gillette) 293-c; 293-ec
Intestinal Neoplasms. Feasibility of sigmoidoscopic screening for bowel cancer in a primary care setting (Hahn) 25-mp
Sensitive sigmoidoscopy: a straight sigmoid technique (Long) 103-mp
Isoenzymes. Macroamylasemia: a simple stepwise approach to diagnosis (LeVine & Parrish) 279-cr
Journal of the American Board of Family Practice. A case for refereed journals (Young) 77-e; (Shaughnessy) 292-c
Editors' note 3-e; 141-x
Kininase II. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec
Licensure, Medical. Licensure versus certification (Young) 287-e
Lung. Pleural effusion and hydronephrosis in a newborn (Lee) 55-cr
Macroamylasemia. Macroamylasemia: a simple stepwise approach to diagnosis (LeVine & Parrish) 279-cr
Macrocytosis. Macrocytosis as an indicator of human disease (Keenan) 252-mp
Mediastinal Diseases. A calcified vascular mediastinal mass (Ferrante & others) 272-cr
Meningitis, Gonococcal. *Neisseria gonorrhoeae* dissemination and gonococcal meningitis (Anan & Culik) 123-cr
Menopause. A rational approach to the use of hormonal replacement therapy in postmenopausal and older women (Terrell) 93-mp
Microbiology. Outpatient antimicrobial susceptibility: comparison with inpatient susceptibility patterns (Ellison & others) 223-oa
Morphine. Intrathecal morphine as analgesia for labor pain (From) 138-c; (Edwards) 139-c
Neisseria Gonorrhoeae. *Neisseria gonorrhoeae* dissemination and gonococcal meningitis (Anan & Culik) 123-cr
Neonatology. Pleural effusion and hydronephrosis in a newborn (Lee) 55-cr
The recognition and significance of the vanishing twin (Jackson and Benirschke) 58-cr
Nutrition Disorders. Transient vitamin B_{12} malabsorption in a patient with mixed nutritional anemia (Pagnotta) 130-cr
Obstetrics. The effects of epidural anesthesia on type of delivery (Mengel) 136-c; (Daugherty & Horner) 136-c; (Nesse) 137-c; (Grumbach & Abrams) 218-c; (Nesse) 219-c
Intrathecal morphine as analgesia for labor pain (From) 138-c; (Edwards) 139-c
Obstetric care in a rural family practice (Allen) 30-mp; (Young) 33-ec; (Camp) 139-c; (Brown) 140-c; (Zeller) 141-c; (Allen) 218-c

Perinatal outcomes in obstetric and family medicine services in a county hospital (Kurata & others) 82-oa
Vaginal birth after cesarean section in a community hospital: a family practice residency experience (Guerdan & others) 169-oa
Outpatient Clinic. Outpatient antimicrobial susceptibility: comparison with inpatient susceptibility patterns (Ellison & others) 223-oa
Panic. see Fear
Perinatology. Perinatal outcomes in obstetric and family medicine services in a county hospital (Kurata & others) 82-oa
Phobic Disorders. Factors in the panic-agoraphobia transition (Katerndahl) 10-oa; (Gulledge) 216-c; (Katerndahl) 216-c
Physical Fitness. Exercise: a practical guide for helping the patient achieve a healthy lifestyle (Smith) 238-mp
Physician-Patient Relations. Any more cordials to the drooping spirit? Professional ethics, 1847–1989 (Stephens) 212-e; (Davenport) 294-c; (Stephens) 294-c
Patient satisfaction and selected physician behaviors: does the type of practice make a difference? (Holloway & others) 87-oa
Physicians, Family. Any more cordials to the drooping spirit? Professional ethics, 1847–1989 (Stephens) 212-e; (Davenport) 294-c; (Stephens) 294-c
Certificates of added qualifications (Pisacano) 143-e
Four hours a month (Realini & Smith) 150-e; (Graham) 151-ec; (Realini & Smith) 152-ac
Our winter of discontent (Young) 143-e
Ou sont les neiges d'antan? (Pisacano) 2-e
Reconsecratio medici (Pisacano) 78-e
Seeing over one's shoulder and out of the corner of one's eye (Stephens) 64-e
When the part becomes more than the whole: what I learned from earlobes (Stephens) 134-e
Physician's Practice Patterns. Patient satisfaction and selected physician behaviors: does the type of practice make a difference (Holloway & others) 87-oa
Pleural Effusion. Pleural effusion and hydronephrosis in a newborn (Lee) 55-cr
Polyps. Small colon polyps; the primary physician's dilemma (Varma & Melcher) 204-cr
Pneumocystis carinii. Prophylaxis against *Pneumocystis carinii* pneumonia (Goldschmidt) 153-crHIV; (Young) 155-ec
Pneumonia. see *Pneumocystis carinii*
Postnatal Care. The postpartum Papanicolaou smear (Weiss & others) 4-oa; (Baxley) 217-c; (Weiss) 217-c
Precancerous Conditions. Papanicolaou smear adequacy: the cervical cytobrush and Ayre spatula compared with the extended-tip spatula (Noel) 156-oa; (Steinbach) 294-c; (Noel) 294-c
The postpartum Papanicolaou smear (Weiss & others) 4-oa; (Baxley) 217-c; (Weiss) 217-c
Prenatal Care. Obstetric care in a rural family practice (Allen) 30-mp; (Young) 33-ec; (Camp) 139-c; (Brown) 140-c; (Zeller) 141-c; (Allen) 218-c
Perinatal outcomes in obstetric and family medicine services in a county hospital (Kurata & others) 82-oa
Publishing. A case for refereed journals (Young) 77-e; (Shaughnessy) 292-c
Writing about writing (Batong) 72-c; (Schubert) 73-c; (Totten) 73-c; (Stephens & Stockham) 73-c
Pulmonary Embolism. Diagnosis and evaluation of thromboembolic disorders (Brunader) 106-r; (Allen) 220-c; (Brunader) 221-c; (Sacks) 292-c; (Brunader) 292-c
Receptors, Adrenergic, Beta. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec
Referral and Consultation. The consultant family physician (Amundson & Vogt) 34-mp; 141-x
Family physician consultation/referral patterns (Vogt & Amundson) 70-c
Outpatient consultations from a family practice residency program: nine years' experience (Crump & Massengill) 68-c; (Lawler) 68-c
Residency, Medical. Outpatient consultations from a family practice program: nine years' experience (Crump & Massengill) 68-c; (Lawler) 68-c
Role, Physicians. Any more cordials to the drooping spirit? Professional ethics, 1847–1989 (Stephens) 212-e; (Davenport) 294-c; (Stephens) 294-c
Four hours a month (Realini & Smith) 150-e; (Graham) 151-ec; (Realini & Smith) 152-ac

Our winter of discontent (Young) 143-e
Reconsecratio medici (Pisacano) 78-e
When the part becomes more than the whole: what I learned from earlobes (Stephens) 134-e
Rural Health. Obstetric care in a rural family practice (Allen) 30-mp; (Young) 33-ec; (Camp) 139-c; (Brown) 140-c; (Zeller) 141-c; (Allen) 218-c
Sexually Transmitted Diseases. *Chlamydia* and incidental carcinoid tumor in spontaneous abortion (Jurica & Baumgardner) 126-cr
Diagnosis and treatment of syphilis in HIV-infected patients (Goldschmidt) 154-crHIV; (Young) 155-ec
Neisseria gonorrhoeae dissemination and gonococcal meningitis (Anan & Culik) 123-cr
1989 international conference on AIDS—Montreal (Goldschmidt) 283-crHIV
Prophylaxis against *Pneumocystis carinii* pneumonia (Goldschmidt) 153-crHIV; (Young) 155-ec
Sigmoidoscopy. Feasibility of sigmoidoscopic screening for bowel cancer in a primary care setting (Hahn) 25-mp
Flexible fiberoptic sigmoidoscopy: its use in family medicine (Glinka) 69-c; (Hocutt & others) 70-c
Sensitive sigmoidoscopy: a straight sigmoid technique (Long) 103-mp
Small colon polyps: the primary physician's dilemma (Varma & Melcher) 204-cr
Specialties, Medical. Certificates of added qualifications (Pisacano) 143-e
When the part becomes more than the whole: what I learned from earlobes (Stephens) 134-e
Sports Medicine. Achilles tendinitis in running athletes (Nichols) 196-r; (Yarborough) 295-c; 295-ec
"Effort" thrombosis of the axillary and subclavian vein associated with cervical rib and oral contraceptives in a young woman athlete (Aquino & Barone) 208-cr; (Darios) 293-c
Exercise: a practical guide for helping the patient achieve a healthy lifestyle (Smith) 238-mp
Spouse Abuse. see Violence
Subclavian Vein. "Effort" thrombosis of the axillary and subclavian vein associated with cervical rib and oral contraceptives in a young woman athlete (Aquino & Barone) 208-cr; (Darios) 293-c
Syphilis. Diagnosis and treatment of syphilis in HIV-infected patients (Goldschmidt) 154-crHIV; (Young) 155-ec
Thromboembolism. Diagnosis and evaluation of thromboembolic disorders (Brunader) 106-r; (Sacks) 292-c; (Brunader) 292-c
Thrombophlebitis. Diagnosis and evaluation of thromboembolic disorders (Brunader) 106-r; (Sacks) 292-c; (Brunader) 292-c
Thrombosis. Diagnosis and evaluation of thromboembolic disorders (Brunader) 106-r; (Sacks) 292-c; (Brunader) 292-c
"Effort" thrombosis of the axillary and subclavian vein associated with cervical rib and oral contraceptives in a young woman athlete (Aquino & Barone) 208-cr; (Darios) 293-c
Twins. The recognition and significance of the vanishing twin (Jackson & Benirschke) 58-cr
Ulcer. Decubitus ulcers (Perdue & Wilson) 43-r; (Lerman) 141-c
Vascular Diseases. A calcified vascular mediastinal mass (Ferrante & others) 272-cr
Verapamil. Managing hypertension in family practice: a nationwide collaborative study of the use of four antihypertensives in the treatment of mild-to-moderate hypertension (A Report CEN) 172-mp; (Young) 190-ec
Violence. Rates of domestic violence against adult women by men partners (Rath & others) 227-oa; (Young) 233-ec
Vitamin B_{12} Deficiency. Macrocytosis as an indicator of human disease (Keenan) 252-mp
Transient vitamin B_{12} malabsorption in a patient with mixed nutritional anemia (Pagnotta) 130-cr
Willard Report. Our 20th anniversary: remembering the Willard Report (Stephens) 288-c
Women. Rates of domestic violence against adult women by men partners (Rath & others) 227-oa; 233-ec
